

## Applicant and project information

Name of organization

Project title

Contact person

Email

## 1) Project goals

Main project goals:

## 2) Measurable goals: environmental, social and economic impact

Measurable environmental goals

Measurable social goals

Measurable economic goals

## 3) Methods and measures

**3.1) Which planned methods and measures did you use? Dialogue/training/mediation/practical implementation...?**

Please answer the question in key words.

**3.2) Have other methods and measures been used in addition to those planned? Which ones and how effective were they?**

Please answer the question in key words.

## 4) Direct impact of the project

**4.1 Direct impact:**

Planned number of beneficiaries according to the application (in key words)

**4.2 Indirect impact/multiplication:**

Which additional, unexpected groups were you able to win over (who?) and what or how big is the indirect impact? Please answer the question in key words.

**4.3 Deviations**

Please briefly explain deviations in 4.1 and 4.2. For 4.1: deviations from the application. For 4.2: How were you able to multiply the project? How did you get additional participants? How were the additional groups/communities etc. won? Please answer the question in key words.

## 5) Long-term impact and monitoring

### 5.1) Expected project impact in 5 years

How will the project strengthen the environment and the social and economic situation of the beneficiaries/society in 5 years?

### 5.2) Systemic impact of the project

Will the project initiate or lead to systemic changes (new laws, adaptation of the social and economic framework, ...)?

### 5.3) Long-term project and achievement responsibility

Has the ownership of the project been transferred to the beneficiaries? Is the local, independent continuation of the work and/or the maintenance of the results (maintenance and/or further development of what has been achieved) secured in terms of content and finances?

### 5.4) Is there any monitoring planned? Yes: when and how? No: please give brief reasons.

## 6) Insights and experiences

### Lessons learned

## 7) Final and financial report and additional documents

### Documents upload

### Banking details:

### IBAN-number:

## 8) Suggestions

### How can S3M help you work (more) efficiently / effectively?

### Final check
